STORM OVER TEXAS

Severe Windstorm and a Heavy Fall of Rain.

A NUMBER OF PEOPLE INJURED.

Many Houses Blown Down and Other Property Destroyed—Telegraph and Telephone Poles Prostrated and Communication Cut Off From Many Places. Heavy Snowstorm in Colorado.

DALLAS, April 13.—All of that part of the state west, southwest and north-west was visited by a severe windstorm accompanied by rain Saturday night. The wind came from the west and in many localities approached the dignity of a tornado. Telegraph and telephone poles were blown down and telephone communication cut off until late last night. Wires are still down west of here, and many places can not be heard from.

At Abilene the wind reached a velocity of 60 miles an hour accompanied by an inch of rainfall. Four residences and half a dozen workshops were demolished and a number of residences moved from their foundations, and otherwise badly damaged and many buildings unroofed. Mrs. McKinley was seriously and Mrs. Johnson painfully injured, their residences being destroyed.

Several houses were blown down at Colorado City, one of which was occupied by a family named Solomon. Nearly all the members of the family were injured. The wires are still down in that direction and this is the first news received from there.

At Fort Worth a sash door and blind factory, and the grand stand at the base ball park were wrecked.

At Cresson, a small town below Fort Worth, the Fort Worth and Rio Grande railway depot, the Methodist church and nine business houses and residences were demolished.

At Reagan, Falls county, several buildings were almost demolished.

At Annetta, Parker county, one store and all its contents was blown away and a number of residences crushed.

At Bates, Denton county, the Methodist church was destroyed and other buildings moved from their foundations.

Along the line of the Texas Central from Cisco to Dublin, damage to farmhouses and crops is reported.

The wind was followed by a driving rain which added to the damage. No estimate of the amount of loss has been received, but it will be considerable. Rain was general throughout the state.

One Life Known to Be Lost.

COLORADO CITY, Tex., April 13.—A cyclone of limited dimension but tremendous force struck a portion of this city Saturday night at 10 o'clock, doing considerable damage to property, and resulted in the death of James, the 12-year-old son of J. M. Solomon. The storm struck the four-room building occupied by J. M. Solomon. The house was literally splintered and scattered all over the block. Mr. Solomon, wife and five children had retired, and it is remarkable that any of them escaped alive. James, the oldest son, was struck in the back of the head by a portion of the timbers and his skull fractured, resulting in death. He was found under the wreck across the street. Mrs. Solomon and the other children were bruised but not seriously.

A heavy rain fell for two hours after the cyclone and did much damage.

SNOWSTORM IN COLORADO.

An Immense Amount of Damage Done and Probably Some Lives Lost.

CRIPPLE CREEK, Colo., April 13.—The Cripple Creek district was visited by the severest and most destructive blizzard ever known yesterday. An immense amount of damage has been done, and in all probability some lives have been lost in the hills, rumors to that effect being in circulation, and general fear is entertained for the prospectors. A light snow started at 11 o'clock Saturday night, and about 3 o'clock yesterday morning the storm renewed and the velocity of the wind, which was from the northeast, increased and continued to blow at the rate of 60 miles an hour all day.

A score or more of buildings in this city were blown down and tents, signs and loose lumber were scattered over town. All the telephone wires out of the camp are down, and no trains have arrived or departed.

At 1:30 the Cripple Creek Commission, a 3-story building on Carr avenue, near the Midland depot, fell with a crash and caught fire from an overturned stove, and was completely destroyed. The building is isolated, which prevented a general conflagration.

The Boston cafe building, at Carr and Second streets, was partially wrecked.

A large rooming house on Warren avenue was blown down about noon, and several occupants were injured.

Communication is cut off with all outside points, with the exception of one telegraph wire.

Many store fronts have been blown in and some of the business houses, as well as residences, will need repairing. Rumors of loss of life in the outlying districts are in general circulation.

In the hills hundreds of prospectors live in tents, and the majority of them were blown away. The damage to property throughout the camp will not fall short of \$100,000.

The 1:30 p. m. train over the Florence and Cripple Creek road is stalled between here and Anaconda. One of the suburban trains from Victor is stuck in the snow at Elkton. On the Midland

Terminal two passenger trains are blockaded at Gillett.

A dozen buildings or more were blown down at Gillett and a number at Altman, Goldfield and Victor. Shaft houses and surface improvements all over the district were badly damaged.

Snowstorm in Colorado.

DENVER, April 13.—The storm of Saturday night and yesterday was the most disastrous to railway traffic of the winter. Little snow fell in Denver, but the trains on all roads running into the city have been delayed and the Union Pacific, Denver and Gulf was obliged to annul all its trains on the southern branch. The trains from Fort Worth got no further than Trinidad. News of almost unprecedented snowfall comes from all points south of here in Colorado and northern New Mexico.

MISSIONARIES NOT EXPELLED.

The Turkish Government Offers an Explanation of the Recent Report.

WASHINGTON, April 13.—The Turkish legation has received from the sublime porte the following cablegram:

"It has been falsely stated that the missionaries would be expelled. The imperial government has not taken and does not intend to take any general measure of expulsion of missionaries and Catholic priests. Those among them who attend peacefully to their business are not and will not be disturbed. But, surely, it cannot be the same for those who by their attitude try to disturb the order and tranquility of the country by placing themselves in open hostility to the laws and regulations in force in the empire. The imperial government, watchful of the maintenance of public security, has the duty to send them away from its territory, and in so doing, it avails itself of a right which in all justice nobody could contest."

Relief Work in Armenia.

NEW YORK, April 13.—The Harpoot agents of the Armenia relief committee report that 2,379 persons receive two pieces of bread a day. Destitute women are supporting their families by making suits of underclothing at 6 cents apiece. The men are employed in clearing away ruins. The harvest is better than usual and Turks are willing to sell supplies. Altogether 60,566 persons have been aided by the society.

For the work in April \$50,000 is needed. There are 100,000 destitute people in Harpoot, for whose sustenance \$500,000 is needed.

WEYLER IS HELPLESS.

General Maceo Within Twelve Miles of Havana and Unmolested.

NEW YORK, April 13.—A dispatch to The World from Tampa says: Among the passengers arriving from Cuba last night was one who left Havana Friday in a coach with others for a short drive in the country. At Managua, 12 miles out, the coach was stopped by insurgents and the spokesman asked the if he recognized him. Upon receiving an affirmative answer the leader said:

"Return to Havana with your passengers so that they may be witnesses to having seen me here, and tell General Weyler that Antonio Maceo is here waiting for him."

The party returned and the news was quickly spread in Havana, but Maceo is still at Managua.

Consul Williams Not Dead.

HAVANA, April 13.—There is absolutely no truth in the story that the United States consul general here, Mr. Ramon O. Williams, has been murdered and his body dragged through the streets. A reporter called upon Mr. Williams and found him enjoying the best of health. He laughed at the report in circulation, and said he was very busy with diplomatic affairs.

INVESTIGATION DEMANDED.

Robert Bonney, an American Citizen, Murdered in San Salvador.

WASHINGTON, April 13.—Robert Bonney an American citizen, was murdered in San Salvador March 28 and as a result the state department has demanded the fullest investigation. The case was brought to the attention of the United States officials by Congressman Marsh of Illinois who had received a letter from Circuit Judge Bonney of Quincy, Ill., saying that his nephew Robert Bonney, was engaged in business near Sonsonate, San Salvador, and the statement had reached him that his nephew had been killed.

Judge Bonney requested Mr. Marsh to look into the matter. The latter immediately presented the facts to Secretary Olney, who cabled the United States consul at San Salvador for his knowledge of the affair. Through Secretary Olney, Mr. Marsh has received a copy of a cablegram from Consul Murchmeyer at San Salvador, which reads as follows: "Bonney shot March 28. Found dead near Sonsonate. Parties unknown. Supposed object robbery. Thorough investigation demanded."

Ohio Miners Adjourn.

COLUMBUS, O., April 13.—The annual convention of Ohio miners adjourned, after the election of the following officers: President, Michael Ratchford; vice president, William Richards, Shawnee; secretary-treasurer, ex-Labor Commissioner T. L. Lewis, Bridgeport; auditing committee, I. N. Coleman, J. H. Barnes, L. D. Devore. Resolutions were adopted denouncing the docking system, demanding the eight-hour work day and denouncing the attempt of some operators to evade the agreement to abolish the check system.

A BATTLE IN AFRICA.

Captain Brand Attacked by the Matabele.

SOME VERY SEVERE FIGHTING.

The British Troops Compelled to Retreat and Call on Bulawayo For Help—The Rebellion in Matabeleland Seems to Be Spreading in Spite of the Efforts Being Made to Suppress It.

BULWAYO, April 13.—Details have been received here of the encounter with the Matabele of Captain Brand, as the result of which he suffered a reverse and was compelled to ask for assistance from Bulawayo. The Matabele surrounded and attacked Captain Brand's column, consisting of 130 men, which had been sent to relieve Gwanda, 28 miles south of here on the Tuli road. Captain Brand formed a laager for the purpose of offering a better defense against the attack. Some desperate fighting ensued.

The enemy were found to be well armed with Martini rifles, and they directed a strong and well aimed fire against Dr. Brand's Maxim gun with such good effect that it became disabled. Captain Brand's ammunition also ran short and the fierce attack of the Matabele continuing, the situation of his force began to grow desperate. They were finally obliged to fight their way through the beleaguering enemy's lines. They succeeded in cutting their way out with a loss of five troopers killed and 16 wounded. It is stated that 150 of the Matabele were killed.

In response to Captain Brand's message calling for assistance, a relief force of 250 men with artillery, was dispatched as quickly as possible. This force met Captain Brand's column returning.

The rebellion in Matabeleland seems to be spreading, in spite of the vigorous efforts that have been made to suppress it. The enemy's forces come and go within short distances of Bulawayo and the anxiety here is most keen and there are many fears expressed of an attack by the enemy in force. Confidence is felt that Bulawayo will be able to offer a successful defense. The coming of the relief force from Mafeking will, however, be greeted as a welcome assistance in the possible case of an attack.

London Times' Dispatches.

LONDON, April 13.—The Times has a dispatch from Bulawayo which says that 1,500 Matabele attacked Captain Brand, who lost 30 horses in the fight.

The Times also has a dispatch from Cape Town, which says: "The Matabele revolt has evoked a strong public feeling throughout South Africa that prompt and fuller measures are necessary whether the men engaged shall be good volunteers, accustomed to the native warfare, will offer themselves in every quarter if the authorities respond."

"News has been received from Bulawayo that an impi from Shangani have murdered three engineers named Hammond, Palmer and one other."

MRS. PIETZEL.

She Wants to Recover Money Taken From Her by Holmes.

PHILADELPHIA, April 13.—All the gruesome relics that figured in the trial of H. H. Holmes for the murder of Benjamin F. Pietzel will be shipped to Mrs. Pietzel at Galva, Ill., as soon as the law has finally disposed of the murderer. They will include, besides Pietzel's picture, the fragmentary remains of three murdered children. Mrs. Pietzel, within the past few days, requested her counsel here to arrange for the shipment so that she might give decent interment to what was left of her dead.

She also inquires if she can not obtain all or part of the money taken from her by Holmes while he was taking her about the country. This is interesting, in view of the statement that Holmes has received a large sum for his alleged confession. Mrs. Pietzel's counsel would not say whether any judgment would be entered against Holmes, but it is believed nothing will be done.

Mrs. Pietzel also inquires if steps can not be taken to compel Lawyer Jephtha I. Howe of St. Louis, Holmes' alleged co-conspirator in the insurance swindle, to return the \$2,500 she alleges he obtained from her. Her counsel is now considering just what steps to take in both these matters.

SHORTAGE CONFESSED.

John A. Kight, of Columbus, O., Admits Being a Defaulter.

COLUMBUS, O., April 13.—John A. Kight, cashier of the defunct Fifth Avenue Savings bank, and who was arrested some weeks after the failure and the discovery by the special examiner of a shortage of \$80,000, has confessed that he is a defaulter to the extent of \$15,000. The directors believe that is all Kight took, and the balance of the shortage was caused by remarkable but unintentional errors in the cashier's books.

One depositor was credited with \$40,000, while, in fact, he had but \$400 in the bank. This depositor happened to be of scrupulous honesty and the bank lost nothing. But there are said to be many other errors of a similar kind which account for the missing funds. The directors, in a long statement, deny the story that the directors themselves made a run on the bank when its shaky condition became known and before other depositors had a chance

FORECAST OF CONGRESS.

Probable Program of Both the Senate and House For the Week.

WASHINGTON, April 13.—The Dupont election case will be reviewed in the senate this week, when Senator Chandler will make a speech in support of the committee report favorable to seating Mr. Dupont. He probably will be followed by Senator Gray in opposition to the report. There will then be an effort to go on with the Indian bill until it shall be disposed of, but there are several special orders on the calendar for the week, which may interfere more or less with this program.

There is a unanimous agreement to take up Senator Feffer's resolution for the investigation of the bond issues for the past two years on Tuesday. If not set aside the question probably will give rise to a spirited financial debate of uncertain duration.

The bill to reduce the cases in which the death penalty may be imposed in the United States courts is a special order for Wednesday.

Senators Lodge and Nelson have given notices for speeches on Thursday on the immigration bill reported by Mr. Lodge from the committee on immigration.

No one has any definite idea of the time which will be required to conclude the consideration of the Indian appropriation bill.

The sectarian school question is still undisposed of and the debate on this may require another day. Either Senator Platt or Senator Jones will propose the amendment agreed upon by the committee on Indian affairs looking to a change of the land system and the breaking up of the tribal relations of the Indians in the Indian Territory. The friends of the amendment believe it will be accepted by the senate, but it probably will not be without elaborate explanation from its authors.

A disagreement of the conferees of the two houses on the legislative, executive and judicial appropriation bills probably will be reported early in the week on the portions of the bill relating to salaries of United States marshals and district attorneys and of senate employees, and the consideration of the report, if made, will consume some time.

With these questions out of the way the naval appropriation bill will be taken up.

House Program.

WASHINGTON, April 13.—The general deficiency appropriation bill—the last of the supply bills—is in process of preparation in the appropriations committee and pending the reporting of that bill to the house a variety of matters, which have been held in abeyance in order that the appropriation bills might be pressed, will be brought up for action. The most important of these is the bankruptcy bill, to which it is expected the house will devote several days. There are also several minor banking bills, including a bill to increase the circulation of national banks to the par value of the bonds deposited and one or two general pension bills.

CONSUL WALLER LANDS.

He Thinks He Can Win His Suit Against the French Government.

NEW YORK, April 13.—John L. Waller, late United States consul at Tamatave, Madagascar, was a second class passenger per American line steamer New York, which arrived Saturday from Southampton. He said he was released from prison in France on Feb. 20, exactly 11 months from the time he was sentenced at Madagascar. Mr. Waller declined to discuss his case at length, but said he felt confident of the ultimate justification of his actions. He inquired anxiously as to the health of his wife and family, who have been at Baltimore for the past two months.

Mr. Waller said that while on the guardship at Madagascar, and during the passage to France, his treatment was inhuman, but that at the prisons where he was confined in France his lot was no worse than that of the ordinary prisoner. The food served lacked nutriment, and he was obliged to purchase supplies outside, a concession granted by the prison authorities, and for which he was very grateful.

Mr. Waller said: "I wish to contradict the statement of the secretary of state that there is evidence that I was well treated on the voyage from Madagascar."

Waller was allowed to buy 10 cents' worth of food a day. By writing to the French minister of the interior Waller was allowed to take three baths in five months. He wrote to Ambassador Eustis, but the French held the letter for 25 days. Other letters were also held.

At Nimes he again nearly died, and for a long time the doctor refused to attend him.

On Feb. 20, 1896, Waller received notice that his pardon had been secured, but on condition that he must not sue the French government through the United States government, but in the French courts.

NORFOLK, Va., April 13.—Lavina Jones, a 12-year-old colored domestic, is under arrest here charged with attempting to poison the entire family of F. L. Holland of Ellwood. The girl, it is alleged, first tried to poison the Holland family by administering arsenic to her intended victims, placing a quantity of the poison in the coffee pot. As a result one person has died and four others were made intensely sick.

Not killing the persons she wanted to the first time, Lavina, it is alleged, the first night put a liberal portion of the poison in milk which was to be used in the preparation of bread. A child who drank some of the milk was made immediately sick. The arrest followed.

FIRE IN CLEVELAND

Fifteen Families in Peril For a Brief Time.

ONE GIRL WAS BADLY HURT.

She Jumped From a Third-Story Window and Was Saved From Death by the Bravery of Two Men—They Joined Hands and Caught Her as She Fell. The Others Escaped in Safety.

CLEVELAND, April 13.—A fire, which started at 2 o'clock Sunday morning in a 3-story tenement house at the corner of Muirson and Oregon streets, caused a loss of \$10,000, and put the lives of the members of 15 families in peril for a brief period. The fire started on the second floor of the building, which was a frame structure, owned by Sipe and Sigler, and the occupants of the upper suites of rooms all reached the fire escapes in safety, with the exception of one young woman named Mary Cox, who jumped from a third story window and was badly hurt.

Charles Watkins with his wife and baby occupied one of the flats. He was awakened by smelling smoke. Hastily rousing his wife and child and pulling on some of his clothing, he attempted to escape by way of the hall, but the flames drove him back. Then he burst open the door to the room of Misses Mary and Anna Cox. Both girls were throwing clothing from the window. Watkins told them to come with him. Then he smashed the panel in the door leading to the next suite, occupied by Miss Mae Burke. From the window of this room the fire escape could be reached and Miss Burke had already started to descend it. Watkins pulled his wife and child and Miss Anna Cox through the hole in the door and placed them on the fire escape.

He then went back for Miss Mary Cox, but just as he reached her she plunged from the window. Charles Wesley and Louis Traves, who discovered the fire, were standing below the window. They saw the girl preparing to jump, and joining their hands they caught her as she fell. They were thrown to the ground, but they succeeded in breaking the force of her fall, and she escaped with a broken arm and a few burns.

Nearly all the people lost their clothing and household goods, but the losses are mostly covered by insurance.

THE END WAS PAINLESS.

Further Details of John A. Cockerill's Death in Egypt.

NEW YORK, April 13.—A dispatch to The Herald from Cairo gives further details in regard to the death of Colonel John A. Cockerill. The dispatch says: "Colonel Cockerill was unconscious from the beginning of the attack, and died at six minutes past 10. He was out driving in the afternoon, apparently in perfect health. At 7 o'clock he went to the barber shop at the hotel, and while there was seized with an apoplectic attack. He fell from the chair, was carried to his room, and Dr. Murson was sent for."

"The doctor gave out the following account of the case of the patient, who lay in bed partially undressed, breathing stertorously and absolutely unconscious: 'My diagnosis is cerebral apoplexy from hemorrhage. It is a fatal attack.'"

At a quarter of 10 the colonel's face became livid, and at six minutes past 10 he died peacefully, without having regained consciousness."

Mr. Penfield, the United States diplomatic agent in Cairo, left a dinner party at which he a guest, and with Mr. Washington, the United States vice consul general, went to the colonel's bedside.

Colonel Cockerill's death was painless. Mr. Longworth, Mr. Barney Washington and the doctor witnessed the end, and saw the body conveyed to a mortuary chapel at midnight.

SHOT FROM AMBUSH.

A Father Killed and His Son and Daughter Badly Wounded.

NEW HAMPTON, Ia., April 13.—Herman Boak, a stonemason of this city, yesterday shot and killed Mike Bartz and fatally wounded the latter's son and daughter. Boak is a son-in-law of Bartz who lives three miles from town. Boak's wife recently secured a divorce from him.

He laid in wait in the brush for them while they were on their way home from church and discharged both barrels of a shotgun at them at short range. The girl will die and it is thought the boy will. Boak mistook the girl for his wife. He came to the city and gave himself up immediately after the shooting.

CAPITALISTS AT WAR.

Egyptian and French Syndicates Lock Horns Over Nile Reserve Fund.

CAIRO, April 13.—A sensation has been caused here by the fact that a powerful group of Egyptian capitalists has taken action to oppose the suit of the French syndicate against the commissioners of the Caisse of the public debt for advancing a portion of the reserve fund on account of the Nile expedition.

The representatives of this group of capitalists have served notice on the commissioners of the Caisse of the public debt and the minister of finance, holding them responsible for any concession made to the syndicate of French bondholders.

WHAT has become of Bradley's boom?

THE McKinleyites are not doing a thing to Mr. Bradley!

GOVERNOR BRADLEY says he is still in the Presidential race. So far he has two instructed delegates!

THE Louisville Evening News, to which Governor Bradley is said to have recently subscribed \$1,000, Saturday night announced that it would have to give up the ghost. It is said that subscribers to the stock were somewhat slow in paying up.

KENTUCKY'S A. P. A. Governor has again interfered in the cause of justice where one of his brethren was concerned by remitting a thirty days' work house sentence and reducing a \$100 fine to \$25 imposed against Harry Burnett, Chief of the A. P. A. Advisory Council, of Louisville, for carrying a concealed and deadly weapon and insulting and assaulting a woman. When the pardon was filed in court, Judge Thompson strongly condemned the Governor's action, adding that the case was an aggravated one and that it seemed useless to convict criminals if the Governor continued pardoning them.

Marvelous Results.

From a letter written by Rev. J. Gunterman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

THE Covington correspondent of the Tribune says: "The Committee on Programs of the committee for the entertainment of the Grand Lodge, K. of P., is arranging for one of the most elaborate and complete programs ever seen in our city. It is the intention to make it not only of interest to the members of the order, but attractive to the general public and to serve as a souvenir of this year's Grand Lodge meeting."

AFTER occupying for sixteen years the President's chair of Kentucky University, at Lexington, Professor Charles Louis Loos has resigned. His successor as President is Professor James B. Jones, who has assumed the duties of the office. Professor J. B. Jones, the new President of the University, is a very well known citizen of Lexington and until recently has been prominently connected with the management of Hamilton Female College. He preached at the Christian Church, this city, a few weeks ago and has many friends in Maysville.

MISS K. S. NILAND, who has always enjoyed the reputation of having the most complete stock of millinery goods in town, had her opening Saturday. Elaborate preparations had been made for the last three weeks, and the ladies of Maysville were anticipating something beyond the ordinary. Before she had hardly opened her doors they began to file in, and her store was soon crowded. Those who called were not disappointed. Her store resembled a grand floral garden, a panorama of delight and pleasure. The nicety of its arrangement showed the artistic touch of a master hand. Studded about among the leaves, vines and flowers was every conceivable style of hat, especially all the modern patterns, all so lovely that it was difficult to make a selection. Surprise, mingled with admiration, sprang spontaneously as you passed from one hat to another, the last one always seeming the most beautiful. Her new designs include the Marlborough and Mabel Knowles and all the reigning fashions of the day, and her medium stock is the best in town. The completeness of her stock and the exquisite grandeur of her store Saturday would satisfy the most aesthetic taste. If you wish to select a hat, do not purchase before seeing her stock, for it is unequalled in variety, and her prices are surprisingly low.

WILLIAM J. BRACKEN has sold a lot in Washington to John Poyntz for \$350.

ROASTS BRADLEY.

Lyons, Newport's Republican Representative, Talks Right Out.

Says the Governor Wanted Him to Vote For a Democrat—The Ninth District.

[Cincinnati Tribune.]

Hon. Will Lyons, of Campbell County, who is never averse to talking politics and giving, with his personal reasons for any move made by himself or his county, the reasons that actuate those associated with him in the County Committee, was very outspoken at the Falmouth convention in reference to Governor Bradley.

"In the first place," said he, "Governor Bradley never had a show of carrying his own State for the Presidential nomination. Why he should insist on staying in the race under such a condition is more than I can understand, but what astonishes me most is why he should count on the support of the Sixth district after the treatment his administration has given us. Why, when we went to Frankfort and showed what our efforts in his behalf had been during the late campaign, we were met with the statement that 'the merits of the Sixth district were already so well known that it needed no recognition to call attention to them'—and we got none."

Mr. Lyons may be credited with having sown much of the seed of the feeling against Governor Bradley in Campbell County. As an example of the material he used on his Republican colleagues one thing may be mentioned: "Governor Bradley showed himself unworthy the support of good Republicans by asking a member of the House to vote for Mr. Atherton, of Louisville, a Democrat, so as to prevent the election of St. John Boyle, the caucus nominee of the party, for United States Senator. That member was myself, and I ought to know something about it. It was in his own office, and he apparently counted upon my well-known devotion to himself for my acquiescence in his plan. My vote would never under any circumstances go to a Democrat, and I gave the Governor to understand that in very unmistakable language."

Campbell County has until within recent weeks been a strong Bradley section, and did more for him in the gubernatorial campaign than any other in Northern Kentucky. Now it is one of the strongest anti-Bradley counties—so far as the race for President is concerned. It is McKinley all the way through.

Bracken, Lewis, Greenup, Boyd, Lawrence, Bath and Fleming County Republicans held conventions Saturday to select delegates to the district convention at this place to-morrow. Mason and Nicholas hold their conventions to-day.

Bracken instructed for Bradley for President. McKinley was the unanimous second choice. The delegates were instructed for McCartney, of Fleming, and Cochran, of Mason, for delegates, and Dr. T. F. Bradford, of Bracken, for alternate from the district to the National convention, and for Captain M. C. Hutchins, Judge Wm. Holt, John W. Yerkes and W. J. Deboe for delegates at large.

Lewis County instructed for McKinley for President and indorsed Hon. A. M. J. Cochran and Hon. J. P. McCartney for district delegates. They indorsed Gov. Bradley's bayonet brigade, but denounced the villainous combine of Platt, Quay, Bradley, et al. to defeat McKinley. Dr. J. P. Huff's friends did not materialize and the Governor was cruelly slaughtered.

The McKinleyites made no fight in Greenup and that county instructed for Bradley. Other instructions were given as follows: Hon. John P. McCartney, of Flemingsburg, and Col. Frank Coles, of Ashland, for district delegates. Lew P. Tarlton and Judge Hutchins and A. M. J. Cochran for delegates-at-large. The Bradley resolution was passed without opposition, though the convention was composed almost entirely of McKinley men, but it was passed merely as a compliment to the Governor. The delegates were instructed to vote for the re-nomination of Congressman Sam J. Pugh. They also recommended the Hon. J. C. Bryant, of Ashland, to the district convention as a suitable person for district Chairman. Bryant is a Democrat who flopped last year and worked for the Republican ticket.

Boyd instructed for Coles, of Ashland, for delegate to the St. Louis convention, and for McKinley for President.

Lawrence County's nineteen Republican delegate votes were instructed for McKinley first, last and all the time. Bradley's name was not mentioned in the convention in connection with the Presidency. Pugh received the instructions for Congress and Coles, of Boyd, and Cochran, of Mason, for delegates.

Bath County "endorsed" Bradley for President. Delegates instructed for W. H. Holt, of Frankfort, and S. E. Smith,

Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

colored, of Madison, for delegates-at-large.

In Fleming no instructions as to choice for President were given, but the sentiment is strongly in favor of McKinley. Instructions for Pugh for Congress were given, and J. P. Cartney was favored for district delegate to St. Louis.

The fight is lively here to-day. The McKinleyites and Bradleyites are working hard. It is said the Ninth district, and the State also, hinges on Mason County's vote. McKinley's friends say the Bradleyites are using money to secure control of the convention.

Boils and Pimples.

"I was troubled with boils and pimples on my neck and back. I am now taking the third bottle of Hood's Sarsaparilla, and those eruptions have nearly all vanished, and I am feeling better than I have for a long time." Lawrence McDaniel, Comer, Ky.

ROBERT MASSIE, formerly of Paris, died suddenly Saturday, at Kansas City.

ELIZABETH and J. M. SCOTT have sold a lot on Elizabeth street, Sixth ward, to Geo. W. Pressley for \$100.

A JURY in the Greenup Circuit Court gave Marion Joseph, aged eighteen, one year in the penitentiary for stealing a skiff. His brother, Spurgeon, aged fourteen, was released on account of his youth.

MR. C. D. RUSSELL, the Chinaman, had an unpleasant experience Saturday. He was seated by a Mr. Massie, of Portsmouth, in a C. and O. coach and as the train was nearing South Portsmouth his companion suddenly fell over dead.

SUNDAY morning about 8 quite a stir was created on Limestone street by a runaway. Mr. Timothy McAuliff's horse hitched to a buggy became frightened and dashed out Limestone street, damaging the vehicle considerably. No one was hurt.

THE remains of Isaac Peggs, Jr., were brought here Saturday morning from Winchester and were interred in Charleston Bottom Saturday afternoon. His death occurred Thursday night, resulting from the injuries received by being struck by a train.

MR. ARTHUR F. CURRAN, of Dover, was in town Saturday. Mr. Curran is prominently spoken of as a candidate for County Assessor, and will probably enter the race. He is one of the staunchest Democrats in the county, as well as one of the most popular, and his many friends will take great pleasure in honoring him with an enthusiastic support.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examinations" and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all derangements, weaknesses, irregularities and displacements of internal organs peculiar to women.

KNIGHTS OF PYTHIAS.

Uniform Rank to Meet at Cleveland. Great Time Anticipated. Notes and News.

The leader in all Pythian Military affairs in Cleveland is Colonel Thos. W. Minshull, who for thirteen or fourteen years gained his military experience by active service in the regular army across the water, and who has ever since his being connected with the Order of Knights of Pythias, been foremost in

Col. T. W. Minshull, A. D. C., on the Staff of the Major General, Cleveland, Ohio.

everything pertaining to the Uniform Rank. He is a natural born soldier, and possesses all the characteristics necessary to a first-class military officer. To add to this, Colonel Minshull stands well with the citizens of Cleveland, and is also a pleasant, genial gentleman. He has taken enthusiastic hold of this encampment matter, and is doing everything in his power in the direction of its success.

At the meeting held in Cleveland, O., March 17th, 1896, at which were present Supreme Chancellor Walter B. Richie, and Major General James R. Carhahan, commanding the Uniform Rank, the question of holding an encampment of the military branch of the order, during the fourth week in August of this year, was taken up and considered. This being the centennial year of the city of Cleveland, and great preparations having been made for the celebration of that event, by the citizens of that place, the Centennial Committee are practically in charge of everything pertaining to that matter. It was therefore principally with the Director General of the Centennial celebration that the officers of the order had to do, and they were met with the greatest kindness and consideration. It was finally decided that the Military Branch of the Order of Knights of Pythias should receive a general invitation to go into camp in the city of Cleveland, from August 24th to 31st inclusive, of this year, it being understood that the camp would be provided free of cost, and that everything that could possibly be done would be done for the comfort, convenience and enjoyment of those attending. All the necessary money for this purpose has been provided, and now the only thing that remains is for the guests to come.

Cleveland is famed as being the greatest Pythian city in the country, having seventeen or eighteen strong lodges, with a membership of 3,500. The second Ohio regiment, Uniform Rank Knights of Pythias, has headquarters there, and always have maintained elegant rooms and accommodations down in the central portion of the city. There is no city equally equipped for a thing of this kind in this country, having the strength of the membership and the enthusiasm necessary to carry out an affair of the kind.

Nearly all the grand lodges have adopted, as a part of the "Order of Business" for their subordinate lodges, the question: "Does any member desire to join the Endowment Rank?" and thus have given a very proper recognition to that important branch of Pythian knight-hood.

The moment that the news had gone out that the Cleveland folk had decided to extend an invitation for an encampment, there was a general stir all along the line. General Turner, of Virginia, intimated that with Cleveland as the place of holding the encampment, he could bring every division in his command, with full ranks.

A conservative estimate of the representation in the General Encampment, from the States of Ohio, Indiana and Illinois, indicates that there is almost a positive certainty, that those three States alone will furnish full 5,000 swords at the encampment in August, at Cleveland.

The Supreme Tribunal, which is the Judicial Department of the Supreme Government, holds its next sitting in the city of Denver, April 15th, 1896, and will have before it several important cases.

The Endowment Rank still continues its phenomenal success, and bids fair to be the leader among fraternal organizations of that character. Everywhere it is extending its lines, and establishing itself in the confidence of Pythian Knights. The prudent and economical system of its management, the entire absence of high salaried officials, and the keen scent which its President, John

A. Hinsey, has for fraudulent claims, has placed the insurance branch of the Knights of Pythias in the fore front of such societies, and enabled it to furnish the brethren with indemnity at about one-third the cost of old line insurance—and it won't do to sneer at the security—it is ample and secure.

Brigadier General Hopkins, of Dallas, Texas, writes that he has every reason to believe that now that Cleveland has been decided upon he feels assured that there will be a large representation from the Lone Star State.

A MAN buys clothes and they wear out, a carriage and it breaks down, but diamonds, and he gets a shining value that brightens the days of prosperity, and affords a value that stays with him always. Ballenger has the most complete line in Maysville.

MRS. THOMAS DUDLEY WALLINGFORD, of Tollesboro, met with a peculiar and painful accident. A boy who is accustomed to epileptic fits was at her home, and in trying to prevent him from falling from a chair when having a fit she was thrown to the floor and broke her hip.

THERE were quite a number of ladies and gentlemen out at the bicycle park Saturday afternoon and they had a great time. We noticed in the crowd, Mr. and Mrs. Harry Owens, Mr. and Mrs. Walter Watson, Mr. and Mrs. Sam Hall, Mrs. Lloyd Watson, Mrs. Ed. Nesbitt, Mrs. Jas. T. Kackley, Miss Lottie Berry, Miss Mary Hulett, Miss Ficklin, Miss Duke, Mrs. L. M. Mills, Mrs. Tom Russell, Miss Sallie Milton Hall, Miss Mary Hall, Mrs. Fitzgerald, Miss Sallie Wood and quite a number of others. The track is a pronounced success and just the place to learn the art of riding the wheel. Five ladies learned to ride in one afternoon.

One O'clock Sunday Morning.

"Mr. Martin, I understand your rush of business was so great Saturday you did not get to close your store until 1 o'clock at night; is that a fact,?" was asked Capt. John T. Martin, the clothing man.

"Yes, it looked like old times in our house Saturday. We had more business than we could handle."

"How do you account for this? Do you expect a much better trade this year than last?"

"Well, I hope so, and we are making a great fight for the bulk of the business. A few years ago people judged goods by the price asked for them; now they are becoming more enlightened in clothing as well as in everything else, and appreciate and patronize the merchant who sells the best goods on the very smallest profits, and have learned where the best goods are kept."

Do you expect better results by selling goods of the same quality for less than others?"

"I certainly do, and it looks like this fact is being appreciated. The old style of marking goods out at 100 per cent. profit and then making big cuts of 75 per cent. is out of date. The people are on to them. Our style is the popular one,—marking goods as low as they can possibly be sold at the start. We find our way of doing business is bringing buyers of clothing from points that could not be reached in the old style way."

Best of All.

To cleanse the system in a gentle and truly beneficial manner, when the spring-time comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and costs only 50 cents; the large size \$1. Buy the genuine. Manufactured by the California Fig Syrup Company only, and for sale by all druggists.

Something Nice.

Mose Daulton & Bro. have added to their already well equipped livery stables a nice up-to-date vehicle. It is an Elite this time, the very latest style vehicle. The design is new and handsome. It is arranged so that panel displaces, allowing easy access to rear seat, and is an elegant piece of work.

Dropped Dead on a C. and O. Train.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Fitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Fitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Fitcher* is on every wrapper.

PEARL BRYAN'S HEAD.

What Became of It Will Be Revealed at Jackson's Trial.

CINCINNATI, April 13.—It is claimed that the prosecution in the Fort Thomas murder will be able to adduce testimony at the trial of Scott Jackson to show what was done with the head of Pearl Bryan, where, when and by whom it was secreted. Colonel Nelson admits that he is in possession of the above knowledge, but, of course, will not give out the details.

Hon. L. J. Crawford, Jackson's counsel, has filed a number of interrogatories relating to the reputation of Scott Jackson at the Ohio Dental college, Will Wood's reputation at Greencastle, the character of Coachman George Jackson and of Allen Johnson, the porter in Wallingford's saloon.

Attorney W. C. Sheppard of Hamilton will continue to be associated with Colonel George Washington as the counsel of Walling during his trial.

NEGRO LYNCHED.

Taken From Jail at Midnight and Hanged by a Mob.

LOUISVILLE, April 13.—A special to The Courier Journal from Columbus, Ga., says: At Seale, Ala., Reddick Adams, who was in jail, charged with the murder of K. F. Renfro, a prominent merchant of that place, was taken from jail Saturday midnight by a mob and hanged.

The crime for which Adams was lynched was committed last November. The negro waylaid Mr. Renfro, killed him and then robbed the body, afterward burning Renfro's house. Adams was tried last week, but his case was continued and the citizens fearing that he would be acquitted decided to lynch him.

THE CREW ALL SAVED.

The New Orleans Steamship, City of Dallas, Goes Down in the Sea.

NEW YORK, April 13.—A dispatch to The World from Colon says: Captain Raymond of the New Orleans steamship City of Dallas arrived yesterday and reports that his ship went down in 20 fathoms of water about 40 miles west of this port. Passengers and crew were saved.

Part of the crew had arrived in an open boat earlier in the day seeking assistance. They said the steamship had collapsed and the steamship was drifting helplessly. She had sprung a leak, too, and constant work at the pumps was necessary to keep her afloat. The steamer Foxhall went to the rescue.

Virginia due down this afternoon and Sherley to-night.

A stage of 10 or 12 feet was expected at Pittsburgh to-day and some coal will be started.

In what is known as "Brickyard Bend," on the Ohio River, there are 12 brickyards, 15 sewer pipe works, 6 coal mines, 3 stone quarries, whose daily output is 4,250 tons, or 1,329,250 tons annually, sufficient to load 1,329 boats of 1,000 tons each, or 44,000 freight cars of 30 tons each. The region proper embraces about six miles frontage on both sides of the river, and New Cumberland, the principal town, claims to furnish more river tonnage than any other port between Cincinnati and Pittsburgh.

The Central Hotel has had for nearly two months as its honored guest "Shep," a tramp dog from Shilo, O. "Shep" made his way to this city on a boat, followed some passengers to the hotel and has been there ever since. He has become very much attached to Ed. Chambers, the porter, and the minute the latter calls out the trains or boat "Shep" is up and out for the depot or wharf. At night he sleeps near Chambers and when he hears one of the packets whistle he is off with the porter, making every boat or train regularly.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

VALUABLE

HOTEL

PROPERTY FOR SALE.

THE HILL HOUSE property on the corner of Front and Sutton streets, Maysville, Ky., is for sale. It has a frontage of eighty-eight feet on Front street and 145 feet on Sutton street, which is a splendid location for a Hotel. The house contains over fifty well-lighted and ventilated rooms and can be put in good condition for a comparatively small sum.

Maysville needs a Hotel more than anything else, and now is the best chance that will ever be offered to get one.

If not sold privately sooner, will be offered publicly to the highest bidder on the premises, at 2 o'clock p. m.,

WEDNESDAY, APRIL 22.

For further information apply to the undersigned.
